A Website That Earns Its **Keep**

Dream Academy is changing lives — but the current website isn't telling that story. Here's what we'll do about it.

After a full audit of **dreamacademyrichmond.com**, we found a site scoring just **31/100** — built on a generic Wix template with broken nav links, a stock-photo phone icon, zero brand identity, and social proof buried below the fold.

The good news: everything on that list is fixable. And the return on fixing it is significant. A redesigned, properly branded site will **convert visitors into enrolled students** instead of sending them to Google for alternatives.

This proposal outlines a complete fix: a one-time rebuild that gives Dream Academy a real brand presence, and an optional ongoing care plan that keeps the site fresh, fast, and climbing in search results — all for **less than you're currently paying**.

Your Year-One Savings

Dream Academy is currently paying roughly \$400/month plus a setup fee to another vendor. Here's what switching to Elevare Studio looks like on paper:

Line Item	Current Vendor	Elevare (Business Care)
Setup / Rebuild (one-time)	~\$400	\$1,497
Monthly fee	\$400/mo	\$199/mo
Year 1 total	\$5,200	\$3,885
Year 2 & beyond (per year)	\$4,800	\$2,388
Year 1 savings	—	Save \$1,315
Year 2+ savings (per year)	—	Save \$2,412

\$9,739 saved over 3 years

Plus you'll own a site that actually represents Dream Academy — not a generic template.

*If Dream Academy prefers an even lower monthly commitment, the **Basic Care plan at \$99/mo** saves \$2,515 in Year 1 and \$3,612/year from Year 2 onward — a total of **\$12,739 saved over 3 years**.*
